Stronghold was created in 1993 to offer Hope... the hope of real healing for those hurting in a broken world. Healing never takes place alone. Many times, it is the result of deliberate, intentional, caring service from committed professionals with years of experience... professional counselors who have already helped hundreds in similar situations. This hope is the foundation of the Stronghold experience.

### **HOPE WITHOUT HYPE**

Healing is never easy. There is no quick fix. It is often painful. It does not happen overnight. But real, life-changing healing can and does happen regardless of what often may seem like a mountain of overwhelming circumstances. True, we don't know what you're going through. But at Stronghold, you'll never have to face it alone.

### **GUIDANCE WITHOUT JUDGMENT**

Stronghold was founded on a philosophy of non-judgmental counseling. Before healing can happen, open communication must take place in a safe environment free of judgment. Stronghold provides a "judgment-free" zone where individuals and families can honestly open-up, often for the first time without any fear of repercussions.

### **Here at Stronghold, we promise:**

- 1) To actively listen with compassion and understanding. We will be respectful and provide caring support in a friendly, comfortable, and welcoming setting.
- 2) To work hard to earn your trust every day in helping find answers to the problems causing distress.
- 3) To provide the highest level of quality, non-judgmental counseling based on years of experience in dealing with others who have had similar problems.
- 4) To provide a refuge based on the Christ-like principle giving Grace to those who are hurting. We eagerly welcome all people regardless of culture or creed.

### **If you are new to the mental health clinic or have not been seen in over one year:**

- Give the packet, your ID card, your insurance card and the date of birth of the insurance policy's main subscriber to the front desk staff.

Hope without Hype, Guidance without Judgement
